One Sixty One presents new mural downtown

By KAROLYN GEPHART
Reporter News Staff

One Sixty One has announced the completion of the first mural of the development's public art project. A geometric design featuring the color palette of the forthcoming hotel has been created on the side of a building on S. Friendswood Drive.

The artist is Shelbi Nicole, a Houston based artist, designer, and muralist that has her paintings both collected and exhibited worldwide. In addition to her namesake line "Shelbi Nicole," she has collaborated with many major brands including the NFL Super Bowl, Kendra Scott, Vans, Houston Livestock Show and

Rodeo, Café Bustelo, Budweiser, Thrillist, Lexus, NASA, Free People, Kimono Zulu and more. She also manages a creative firm called Shelbi Nicole Designs that

has helped create art for over 100 Houston businesses.

The project coordinator and curator is local artist Sara Peters. One Sixty One will be doing

more mural installations over the next few months and representatives report another one is currently in progress.

The murals represent One Sixty One / Banfield Properties' commitment and vision to bring more art, color, and beauty into the Downtown District. One Sixty One is a Downtown Friendswood premier mixed-use development / re-development anchored by a 30-room boutique hotel with residences, restaurants, retail, banquet rooms, collaborative spaces, and a green roof top experience.

FISD's Music Education Program receives national recognition

Friendswood ISD has been honored with the Best Communities for Music Education designation from The NAMM Foundation for its outstanding commitment to music education. Now in its 24th year, the Best Communities for Music Education designation is awarded to districts that demonstrate outstanding achievement in efforts to provide music access and education to all students.

To qualify for the Best Communities designation, Friendswood ISD answered detailed questions about funding, graduation requirements, music class participation, instruction time, facilities, and support for the music program and community music-making programs. Responses were verified by school officials and reviewed by The Music Research Institute at the University of Kansas.

"As a district, we recognize the importance of the fine arts in education," FISD Band Director Brett Nelson said. "This national award recognized the outstanding

work of our music teachers and all students. We appreciate this award and the recognition from NAMM that we are creating a world-class fine arts program. FISD is fortunate to have the support of an excellent administration and community that values

in school. Research into music education continues to demonstrate educational/cognitive and social skill benefits for children who make music: After two years of music education, researchers found that participants showed more sub-

stantial improvements in how the brain processes speech and reading scores than their less-involved peers and that students who are involved in music are not only more likely to graduate high school but also to attend college as well. In addition, everyday listening skills are stronger in musically trained children than in those without music training.

the importance of music in public education."

Since the passage of the Every Student Succeeds Act (ESSA) in 2015 and a stated emphasis on a well-rounded education, many school districts have re-committed to music and arts education programs. During the pandemic, music and arts programs were vital to keeping students engaged

and receiving constructive criticism. About The NAMM Foundation The NAMM Foundation is a nonprofit supported in part by the National Association of Music Merchants and its 15,000 member companies and individual professionals. The foundation advances active participation in music-making across the lifespan by supporting scientific research, philanthropic giving, and public service programs. Letters to the Editor

Dear Editor,

It is my pleasure to lend my support to Joe Matranga on his bid to be a Friendswood City Council Member, Position 5. Joe has a giving heart for Friendswood. He is a lifelong resident of our community having graduated from Friendswood High School. He has made his home here, raised his family here, and now volunteers in our community.

Serving as a member and most recently as Chair of the Planning and Zoning Commission, Joe has been able to view the growth from a very unique perspective. In short, he has actively helped mold and make decisions on issues related to growth in our city. I have appreciated his thoughtful approach to leadership and decision making. He has a calm demeanor and is able to weave his way through very important decisions without drama or rancor.

Just as Joe has been successful on the P&Z Commission, I know he will be very successful serving on the City Council. Knowing he will do what is in the best interest of the citizens and that he has no agenda but to

serve is why I will cast my vote for Joe Matranga.

Ron Cox
Friendswood

Dear Editor,

How do you really know that someone has the integrity you're looking for? It's found in their actions and decisions. Fortunately, we have a candidate for City Council who actually has a track record of "doing the right thing" for the citizens of Friendswood.

Joe Matranga has already served as a volunteer for the people of Friendswood for over 10 years, as a member of planning and zoning, animal advocates, school district initiatives, West Ranch and more. We have watched him volunteer and give back to our community tirelessly, without benefit. He is truly a public servant, not a politician.

His heart is in the right place, yet equally important, he brings a sharp intellect and experienced business sense to the Council table. We need someone who will watch the bottom line and is able to cooperate with others. We need a leader who doesn't care for special

interest or influence, only for what's best for the people of Friendswood.

Former Friendswood
Mayors Dave Smith and
Kim Brizendine

Dear Editor,

Joe Matranga is running for Friendswood City Council Position 5. I have had the opportunity to experience how well Joe Matranga conducted the Planning and Zoning meetings in Friendswood. In a plan to approve a PUD (Planned Unit Development), he was very efficient and fair throughout the entire process. While waiting to present my plans I observed his management skills to always bring out all the issues for discussion before any decision by the Board would vote on the proposal.

Joe is a long term citizen of Friendswood and has served the city well. His experience in dealing with large budgets during his career will add to his credentials to be a highly qualified member of Friendswood City Council. Please vote for Joe Matranga.

Pearland lands second for coveted award

The City of Pearland was edged out by McAllen, Texas, for the recently announced Keep Texas Beautiful Governor's Community Achievement Awards.

"This year's GCAA was competitive," the organization states in a release. "We want to congratulate the communities that came in second and third place."

Pearland and Lewisville, Texas, tied for second place its population category. The 10 winning communities — Collinsville, Chandler, Nolanville, Dickinson, Henderson, Lake Jackson, Burleson, Pflugerville, McAllen and Frisco — will share \$2 million in landscape funding to be completed by TxDOT along a state roadway.

Described as one of the most coveted annual environmental awards in Texas, the Governor's Community Achievement Award has been presented for the past 50 years. Communities in 10 categories are based on population size and their environmental program is examined by a panel of judges on achievements in seven environmental and improvement criteria.

Area ponds to be stocked with catfish

Texas Parks and Wildlife announced it will stock 18 lakes with thousands of catfish this month, include four lakes in the Houston area.

The closest designated "Neighborhood Fishin' Lakes" are Community Park Lake, 1700 Glenn Lakes Lane in Missouri City; and Burke Crenshaw Park, 4950 Burke Road, Pasadena.

"Neighborhood Fishin' lakes are conveniently located in urban and suburban areas so that Texans don't have to travel far to have a great experience," said Craig Bonds, director of Inland Fisheries.

Each lake will receive channel catfish every two weeks through the end of October - with a brief pause during the heat of August - to ensure there are plenty of angling opportunities for everyone throughout the spring, summer and early fall.

Neighborhood Fishin' lakes are located in city and county parks with ample parking, restrooms, lighting and other recreational amenities, in addition to fishing.

Anglers can keep up to five catfish of any size per day. Children under 17 fish for free, but adults who fish must have a fishing license.

Heritage Gardeners prepare for Spring Home Tour, events

By KAROLYN GEPHART
Reporter News Staff

Heritage Gardeners will showcase the private gardens of Adeel and Nayab Khan in the Forest of Friendswood as part of their 2023 Spring Garden Tour April 29-30.

The Khans moved there July 2022 and in less than a year have transformed the yard into a gardener's paradise. Their theme for the tour is The Fragrance of Joy. It is displayed in a large pergola with Butterfly Pea and Honeysuckle vines, a beautiful pool with waterfall, Purple Martin houses, raised beds, and a vase shaped fountain. The Khans have planned, designed and created the amazing sights that tourgoers will enjoy viewing.

The tour will also spotlight the Heritage Gardeners' own yard, Briscoe Gardens. The members have lovingly planted and maintained the area which has a large variety of plants, trees, vines, and an educational area created and enjoyed by a group of Heritage Junior Master Gardeners. Club members will be on hand during tour hours to answer questions and identify plants for tourgoers interested in learning more about them.

The Khan's yard and Briscoe Gardens are part of six garden areas on the tour. Tickets are available now at businesses in the area, including the Chamber of Commerce and will be available at the Heritage Gardeners Clubhouse on the days of the tour. The tickets are each good for both days. Tours are 1-5 pm each day.

The tour is part of the weekend with several other activities happening.

Three garden related presentations will be offered. On Saturday at 9:30 to 10:30 am Galveston County Master Gardener Ira Gervais will speak on *Tips on Growing Better Tomatoes*. Galveston County Master Gardener Herman Auer will speak on *Growing Citrus in Your Own Backyard* from 11 to noon. On Sunday, Heritage Gardener and Floral Design Judge Sherrill Burge will show those present how to be *Creative Using Items for Your Backyard*. Presentations

are free and held indoors in the garden clubhouse. Anyone interested can attend.

The garden club is hosting a huge plant sale from 9 am to 5 pm each day.

The Spring Market with a huge variety of vendors will open each day from 9 am to 5 pm. The market is outdoors at the clubhouse and on adjacent properties. Food vendors are also planning to attend.

Location is 112 W. Spreading Oaks in Friendswood.

The events are fundraisers for the garden club and will be used for garden club programs and projects.

Time and Treasures
Time is a beast that will either chase you toward or away from the better things.

When I was young, television was just coming into its own. I spent the early part of my life listening to the radio. My constant companion was the music pumped in by KOMA in Oklahoma City. The DJs who cranked out the top-40 hits called themselves the World's Happiest Broadcasters. Every-one listened to KOMA.

The radio station followed me home, where I lay in bed at night, smiling as I waited for the graveling howls of Wolfman Jack and knowing that life was good. Looking back, I'm caught off guard by what I used to deem important and by the things I treasured. I don't know if we all go through this process, but God has used time to point me to the more valuable things of life.

I don't treasure possessions as much as I used to, unless you count my highly prized 45 R.P.M.'s "Hanky Panky" by Tommy James and the Shondells or "Hey Little Cobra" by The Rip Chords records. (Some of us will have to explain to this digital generation the difference between 33 1/3s and 45s.)

I treasure friendships, old and new. Time has taught me that friendships are the spice rack of life. Some of them you use every day and others only on occasion, but they are nice to have when needed. Time has not only taught me the value of having friends, but of being a friend. When someone needs me, I'm not in as much of a hurry as I was in the past.

Over the years, I've learned that the things I thought were demanding and important will still be demanding and important ... next week. All in all, time has taught me to treasure two things. First, I have learned to treasure relationships above worldly things. But I still have lots of things I hold dear.

Old, yellowed papers and cards with pictures my kids drew in school, with the word "Dad" scrawled below them in crayon, or the first time they wrote the words, "I love you."

The Hopalong Cassidy lunch box that my mother bought me as a young child which is on display in my kitchen at home. I value these items, but I treasure the relationships with my family and friends more.

Time has also taught me to treasure the things of God and His blessings in life.

As we get older — the more I realize that time is fleeting, and I don't have as much time as I did when I was 40 years younger.

I guess what I want to say to all young people is to take it from those who are closer to the end of the road than you: Let time take you not to the good things of life but to the best relationships and God.

Old friend Robert said, "What really matters is not what we bought but what we built; not what we got but what we shared; not our competence but our character; and not our success, but our significance."

No. 1 Pearland sweeps Strake Jesuit for District 23-6A crown

By DR. DAVID DAVIS
Reporter News Staff

For the second straight year, the Pearland baseball team has claimed the 23-6A championship after sweeping the Strake Jesuit Crusaders 4-1 and 8-1 to close out the league schedule with a perfect 12-0 record.

The No. 1 state-ranked Oilers improved their season record to 25-5-1 and get ready to make their playoff run with the ultimate goal to advance to the 6A state baseball tournament.

Pearland has won their last 12 games and have outscored their district opponents, 110-10, and in their last 10 games, Pearland has won by a combined margin of 85-4.

In recent weeks, the Oilers have found their offensive muscles while the pitching staff has performed masterfully on the mound.

Pearland 4 - Strake Jesuit 1

Pearland scored the first run against Strake Jesuit in the top of the second inning after neither team was able to score in the open-

ing frame.

Cade Adams drew a one out walk, pinch runner Franco Aguilar advanced to third on a double by Brett Smajstrla and would score on a sacrifice fly to right by Caden Ferraro for a 1-0 Pearland lead.

Strake Jesuit would tie the game at 1-1 in the bottom of the fourth frame.

The Oilers would take a 2-1 lead in the fifth inning when Ferraro doubled on a line drive to center-field, pinch runner Matthew Leal would score on a double by Damian Landry to left field.

Pearland would seal the game with two more runs in the sixth inning Anthony Avalos opened the frame getting hit by a pitch, John Moya would reach base on an error by the third baseman which moved Avalos to third. Isaiah Castaneda would plate Avalos with a sacrifice fly to right while Moya moved to second.

Smajstrla hit a 1-2 pitch to centerfield for a two-out single that scored Moya for a 4-1 advantage.

Top hitter for Pearland was

Smajstrla who went 2-for-3 with one RBI.

Nicholas Partida got the win for the Oilers pitching seven innings while allowing only three hits, one run, striking out nine and walking one.

Pearland 8 - Strake Jesuit 1

Pearland took advantage of a 3-for-3 and five RBIs by shortstop Anthony Avalos that resulted in an 8-1 romp by the Oilers over Strake Jesuit for the District 23-6A crown.

The Oilers scored four runs in the opening frame and added two more in the second inning to set a 6-0 pace against the Crusaders who managed a single run in the third frame without the benefit of a hit.

Pearland sent nine batters to the plate in the first inning with Avalos belting a two-run triple for a 3-0 lead. Avalos then scored on a fielder's choice on a ball hit by Isaiah Castaneda for the 4-0 advantage.

In the second inning, Nico Partida doubled and Braeden Morse beat out an infield hit before Avalos ripped a two-run single to

left for a 6-0 cushion.

Pearland scored its final two runs in the eighth when Caden Ferraro reached on a dropped fly ball to left, on which he advanced to second. Damian Landry followed with a run-scoring double to make it 7-1, and Avalos then capped his banner night with an RBI-single to right.

Junior Ryler Smart, a Tennessee commit, earned the win with a two-hitter in four innings while striking out 11, walking three and surrendering one run.

Junior reliever Jaden Barfield then entered the game and struck out the side in the fifth before pitching a scoreless sixth.

The third pitcher of the night, Jake Mader-Cooper, then retired the Crusaders in order in the seventh.

Leading hitters for Pearland included Ferraro (2-for-4, 1 run), Landry (1-for-3, 1 run, 1 RBI), Partida (1-for-3, 2 runs), Morse (2-for-4, 2 runs), and Avalos (3-for-3, 1 run, 5 RBIs).

Pearland roundballers in good hands under Delrick Brown

By DR. DAVID DAVIS
Reporter News Staff

Replacing a coaching legend is never easy and that was certainly the task of replacing Pearland head basketball coach Steve Buckelew after 28 years at Pearland High School.

In this day and time, coaches never stay at one school for 28 years, but Buckelew found a home in Pearland and built a successful program that produced 598 wins, most in PHS history, and also gave him 830 career wins.

It didn't take long for a new coach to be selected which certainly met the approval of Buckelew when it was announced that Dawson varsity assistant Delrick Brown would be the next Oiler head coach.

"I am so excited that Delrick was chosen to be the next Pearland basketball coach," Buckelew said. "They couldn't have found a more deserving young man that will continue the tradition we have built here in Pearland."

Brown played basketball under coach Buckelew in high school, led the Oilers to the 1998 Region III championship and the 1998 state basketball tournament his senior season.

After graduating from Pearland in 1998, Brown played at Cen-tenary College in Shreveport, La., before transferring to St. Edward's University in Austin, where he graduated.

"I then got my first coaching job at Pearland Junior High West with Virgil Mikeska," Brown said. "He was actually my junior high coach in seventh and eighth grade."

After spending five years at the junior high level, Brown transitioned to Dawson, coached three years at the junior varsity level before replacing David Koonsen on the Dawson varsity staff when Koonsen took the Angleton head coaching job.

"Yes, I definitely feel like I've come full circle," Brown said. "I feel like Pearland High School is simply where I am meant to be."

"From playing varsity basketball as a freshman and the team not being very good to play-

DELRICK BROWN

ing in the state tournament as a senior to having the opportunity to help re-establish Pearland as a contender definitely feels full circle."

Brown appreciates the impact that coach Buckelew had on his career choice and ultimately his coaching philosophy.

"I think the biggest influence that I took from coach Buckelew was the importance of committing to defense," Brown said. "When he came into Pearland in 1995, he brought a defensive mentality that was unfamiliar to us and it was one of the things that helped make us one of the best teams at the state. "Committing to defense is definitely something I will be bringing back with me to Pearland basketball."

Brown has also had the influence of Dawson head coach Mark Barre who became the head coach when Dawson opened in 2007. Barre was an assistant under Buckelew at Pearland High School before moving to Dawson where he has

set his own bar of success with the Eagles basketball fortunes.

Dawson has won or shared the district title the last 11 out of 12 years so Brown has played a strong role in the success of the Eagles basketball program.

"Coach Barre has been a great friend and mentor to me over the past decade and I have been fortunate to learn many things while working alongside him," Brown said. "I think some of the biggest things that I will take from him is his passion and preparation."

"When at Dawson, we took pride in being more prepared than the other team and that is something that will also continue to do. As for passion, I think it's important to provide positive energy for the team to embrace."

Ultimately, Brown hope to make an impact in the lives of his current and future players that he will coach.

The first player he will influence will be his own son, Devan, who played for Dawson this season as a freshman and was named District 23-6A "Newcomer of the Year."

"I just did his paperwork so he will be a Pearland Oiler," Brown said. "He's struggling with it a little bit since he's grown up at Dawson since he was four or five years old."

"It's a big shift for him, but he's excited for me. The same applies for Mark (Barre). He's super happy for me, and it's a tough change for both of us."

Brown is committed to teaching his players life lessons that they will learn through hard work, commitment, and perseverance that they can take beyond basketball to help them be men of character and excellence.

"The best feeling as a coach is when ex-players come back, and you get to see their growth, maturity, and success," Brown said. "Building relationships and feeling you had the privilege of positively impacting young lives is really the best part of the job!"

There is no doubt that the Pearland basketball program is in good hands.

SAFE AT HOME

Dawson senior pitcher Hayden Laughlin slides into home for a run vs Alief Elsik on Tuesday. Laughlin had a terrific all-around game, with three innings on the mound giving up just one hit and tallying four strikeouts while also getting one hit of his own for two RBI's and scoring a run. The game ended with a 20-1 run-rule victory for the Eagles who have moved up to third place in district heading into the final week of the regular season. Dawson will face Alvin in the final two games with a chance to overtake the Yellowjackets and move into second place seeding heading into the playoffs. The deciding game will be Friday April 28, 6 p.m. at Dawson HS.

Alvin edges Dawson 6-5 to secure No. 2 playoff seed

By DR. DAVID DAVIS
Reporter News Staff

Each team in District 23-6A faces one another twice in league play. Alvin beat Dawson 7-1 in the first round to hand the Lady Eagles their only district loss in the opening round. With the No. 2 seed on the line and both teams supporting 9-2 records in the final regular season contest while Pearland had secured the district crown, there was a lot on the outcome of this game.

The Lady Yellowjackets (20-8, 10-2) were able to hang on to get the 6-5 win for the No. 2 seed leaving Dawson (25-7, 9-3) in the No. 3 slot entering the post-season. Shadow Creek (6-6) advances to the playoffs with a 17-15 mark. No. 7 state-ranked Pearland (29-3, 11-1) is the No. 1 seed.

The Alvin bats continued their success against Lady Eagles' pitcher Gigi Solis, knocking out the right-hander after four innings, which featured the senior surrendering a first-inning home run off Lady Jackets' catcher Abby Ptak's bat.

Alvin wasted little time unloading on Solis with Kylie Huffman leading off with a single to left field. After Huffman moved to second base on a wild pitch, Matthews promptly slapped a single up the middle to score Huffman for a 1-0 lead. Matthews also advanced to second base on the throw home.

Solis retired Reagan Jones on a grounder back to the circle, but Ptak then crushed the first offering she saw over the centerfield

fence for a two-run blast and a 3-0 Alvin advantage.

Bri Wetmore then got Alvin started in the second inning by drawing a lead-off walk and moving to second on a passed ball. Solis got Mary Barber on a foul pop to the catcher and Huffman on a fly ball to left, but Matthews once again took the Dawson hurler up the middle to plate Wetmore to make it 4-0.

Dawson finally got in the scoreboard in the third when Caroline Roth blooped a lead-off single to right field and Sa'Mya Jones walked to put a pair of runners on for Carissa Anaya, who belted a three-homer to centerfield to bring Dawson within 4-3.

However, the Lady Jackets got two of those runs back in the fourth, as hits by Alana Ramos and Barber and a walk to Huffman loaded the bases with one out. The Eagles appeared to have a force play on Matthews' grounder to first base, but Elana Luna's throw home was dropped by catcher Stephanie McClain, allowing Ramos to cross with Alvin's fifth run.

Jones then lofted a sacrifice fly to center, bringing in Barber for a 6-3 Alvin edge.

Anaya's two-run double in the sixth pulled Dawson within a run again at 6-5 but that's as close as the Lady Eagles could get down the stretch.

Leading hitters for Dawson were two freshman, Caroline Roth (2-for-4, 2 runs) and Carissa Anaya (2-for-4, 1 run, 5 RBIs).

No. 8 state-ranked Lady Mustangs nip Manvel 1-0

The No. 8 Class 5A state-ranked Friendswood Lady Mustangs (21-9) finally broke a scoreless stalemate on the road against a Manvel team to formally clinch an outright district championship.

The game's lone run came in the top of the sixth inning when Nevaeh Cason beat out an infield single and then scored all the way from first base when Charleigh Esparza

ripped an RBI double for the 1-0 lead that turned out to be the winning run.

Friendswood pitcher Janelle Wilson tossed a complete-game, one-hit shutout with only one walk and 11 strikeouts in seven innings.

The Lady Mustangs recorded six base hits led by Esparza's 2-for-3 effort that included a double, a triple and the game's sole RBI.

No. 3 state-ranked Friendswood thumps Ball High 19-7

By DR. DAVID DAVIS
Reporter News Staff

Friendswood hosted Ball High in a district contest and used a 12-run sixth inning to put away the Tors 19-7 at Bobby Black Field to improve to 24-3 on the season and 11-1 in league play.

Down 3-1 after three innings, the Tors rode Jonah Williams' infield hit for a two-run fourth, but the Mustangs answered right back as Dawson Hinson smoked a two-run homer to fuel a four-run burst in the bottom half to make it 7-3.

But Ball High wasn't going to go down that easy as they tied up the game 7-7 in the top of the sixth as Sully Mixon smashed a bases-loaded double as the key hit.

However, the Mustangs sent 14 batters to the plate in their half of the sixth inning to explode for 12 runs to ice the game 19-7 and end the contest via the 10-run rule.

"It's a testament to my guys. We talk about being mentally tough and staying in it, and especially on defense, we didn't have our best," said Cory Benavides, Friendswood's head coach. "The little mis-

takes, it just never seemed like we had a clean inning.

"They did a good job of capitalizing on our mistakes."

The Mustangs, who finished their district season at 10-2, logged 19 hits to match their 19 runs. Peyton Adams led the way with four hits, including a first-inning homer, while Boots Landry (fourth-inning homer) and Goolsby stroked three hits apiece.

Dane Perry delivered the exclamation point to the victory with a towering three-run home run over the left-field wall to end the contest via the 10-run rule.

Prior to Perry's game-ending blast, Kyle Lockhart and Drew Smith lashed two-run singles, Colin Goolsby and Ryan Duncan had run-scoring hits, and Ayden Pearce added a fly ball out which produced yet another run.

"Team game. It's individuals, but team game," Benavides said. "The offense picked up the defense. The past few games, we haven't played well defensively, but we've been able to put some runs on the board.

FAITH MATTERS

...because everyone believes in something!

By Rev. Dr. Brian Gigea

DOES GOD PRAY?

"Our Father in heaven, hallowed be your name, 10 your kingdom come, your will be done, on earth as it is in heaven. 11 Give us today our daily bread. 12 And forgive us our debts, as we also have forgiven our debtors. 13 And lead us not into temptation, but deliver us from the evil one ..."

Matthew 6:9-13

"Does God pray?" I was asked recently. "Who would God pray to?" I replied... something good to consider when there seems to be so much around us falling apart... and something to do in the midst of all that... pray... that is! Jesus prayed... and Christians believe that Jesus is God... God in the flesh (Emmanuel... 'God with us') to be exact... 100% God and 100% human... and maybe just maybe... Jesus was the only fully human who ever lived... and so if Jesus prayed... well then... God prayed... and if Jesus prayed... like in the Garden of Gethsemane or in the wilderness or in the Temple... which he called his father's 'house of prayer'... did Jesus pray to himself or God as Father? And right now I'm thinking about how many angels can dance on the head of a pin ... knowing the answer is... 'all of them!'

As true as I can reach... I can't find any references of God praying. As far back as Genesis... the man and the woman prayed... it's right there in Genesis chapter 4... when men and women began worshipping God... and Noah prayed... after he got off the ark with his family... building an altar... but the Bible doesn't say Noah prayed for mercy while building the ark... on all the people who would die in the flood... and then Abram prayed... as did Moses... as did King David and the prophets... so you and I can count ourselves to be amongst good company when it comes to our prayer life... as individuals or if we pray with a group of friends or on a 'prayer team' at work or as part of a church. There's an old adage that says... "as long as teachers give exams... there will always be prayer in school!" Word. Faith matters!

But... the question was about God praying... does God do that...?

Well... maybe so... in fact... I want to believe God does pray. I think it depends on the prepositions we choose when we talk about this... asking... as in ... when I pray TO God because do I believe it's good for me and for the world in which I live? YES! And as I pray TO God, I know God hears my prayers FOR others... and that I often do that with groups of people... publicly on Sunday morning and in zoom chat meetings or in an ICU room at the hospital ... most folks understand that...

So... when I think about God praying... I don't think it's necessary for God to pray TO anyone... but certainly God prays for us... in a very BIG way... especially when we are so lost and in lack of words of our own... as St. Paul wrote to his friends in the Roman church... 'In the same way, the Spirit helps us in our weakness... interceding for us through wordless groans.' (Romans 8:26) and that means God prays for peace on earth and good will to all... and God prays we continue the covenant made with humans to care for the world... and God prays that each generation teaches values and mores' to the generation which follows... and God prays for us to love God... and love our neighbor like we love ourselves... and God prays that as God's own we would fight against injustice and use our energy and resources to attack global hunger and when I think about all this I realize that God must never get tired of praying because we really need those prayers...

On Thursday May 4 at 8:00 AM at Pearland's Independence Park and at 12:00 noon at Stevenson Park in Friendswood... the area pastors are announcing the National Day of Prayer... to come pray together... and ... I pray you will!

Meet children book author at Spring Market

Author Peg Sundberg, an Alvin native and Friendswood High School graduate, will be signing books at the Heritage Gardener Spring Market event on April 29.

Known nationally to thousands of children, parents and educators as Cowgirl Peg, she visits hundreds of schools around the country, presenting her books and preserving the importance of Western Heritage. Each book delivers positive character messages through entertaining stories including her horses and dogs.

After experiencing a horrific shooting, the Santa Fe ISD schools invited her to spend five days working with their students on empathy, kindness, tolerance of differences, etc., using her books for open discussions.

Her eighth book, *Crooze On Croozer*, arrived five weeks ago. Croozer, a little blind dog, tells his own true story. He shares his adventures and challenges, using his superpowers of hearing, smelling, tasting, feeling and touching. The author's goals for

this feel-good, thought-provoking story were two-fold for readers of all ages:

- Increasing the awareness and appreciation of being blessed with sight.
- Encouraging and inspiring readers who "see" through their superpowers instead of their eyes.

This new book was publicly presented by Peg, along with Croozer & his "Mom," on CBS's Good Morning Sacramento (CA), followed by city-wide receptions and fund raisers. Royalties from Croozer's book sales will be donated to the four non-profits that are part of the story and collectively saved him. Endorsements include Ruth & Nolan Ryan, and the TX School for the Blind, which plans to convert the text to Braille for their students.

Peg's books can be viewed at www.cowgirlpeg.com. Stop for a meet and greet and view her books on the April 29 at the Heritage Gardener Spring Market at 112 W. Spreading Oaks in Friendswood.

Kaye Corey receives Beautify Texas Award

Keep Texas Beautiful (KTB) recently announced Kaye Corey as a winner of the 2023 OP Schnabel Volunteer of the Year Award for her work to preserve and enhance Texas's environment and make their community stronger.

The Beautify Texas Awards recognize the efforts of those working to enhance their community and protect the Lone Star State. These awards range in honoring extraordinary volunteers, professionals, youth, educators, businesses, local/civic governments, organizations, and specific projects and programs.

The O.P Schnabel Volunteer of the Year Award is one of ten categories and recognizes The OP Schnabel award recognizes an adult individual whose extraordinary volunteer effort supports the mission of KTB and contributes to the betterment of their community. Kaye Corey is incredibly deserving of this recognition.

Corey is long time Friendswood resident and active member of many local organizations. She has been involved with beautifying her community for over 20 years. She is a Galveston County Master Gardener, a board member of Keep Friendswood Beautiful (KFB), a member and past officer of Heritage Gardeners of Friendswood, San Joaquin Parkway HOA secretary, and instructor for the Heritage Junior Master Gardeners (JMG) program in Galveston County. She also volunteers with Friendswood Methodist Church on the landscaping committee and mentors scouts with their Eagle Scout or Silver projects.

The amount of volunteer hours Corey has put in towards her community is unimaginable. She is the most senior board member of KFB and is by far the most active and accomplished.

At KFB, Corey heads up the Beautification committee. She was the lead person in the design, installation and maintenance of the Pollinator Garden at Stevenson Park. She organizes and supervises Pollinator Garden volunteers. She teaches youth and adults classes on plant purpose and function, container gardening, and fairy gardening. She's chair of the Beautification Matching Grant committee, which annually awards \$2000 in matching grant money. Corey works at every community event KFB has including the clean-up events, tree giveaway, and the city-wide Christmas celebration.

"We are proud to honor and recognize Texans who are making a difference in our state," Suzanne Kho, Executive Director of Keep Texas Beautiful, said. "Their actions do more than protect the environment: they inspire community members to get involved and help us keep Texas beautiful."

For more than 20 years, Keep Texas Beautiful has recognized extraordinary Texans and Texas institutions that are committed to keeping Texas beautiful. Today, these awards serve as a continued reminder of the hard work and dedication of our supporters across the state.

Corey will be honored at the KTB Annual Conference, which will take place in Houston from June 26 through June 28. A full list of winners and award descriptions, as well as information about the conference, can be found at www.ktb.org.

DHS students to compete at State VASE Competition

Student artists from Dawson High School are set to compete at the State Visual Arts Scholastic Event to be held April 28-29. Students qualified after participating in the regional event held in February. Advancing students include DHS's **Sion Joo** (teacher Teri Zuteck) and **Lelanie Turcios** (teacher Cydney White).

Texas High School VASE began its 29th season in January of 2023. The first VASE event was held in 1994 with just over 400 student entries; currently, more than 30,000 pieces of artwork are entered in VASE every year. Students create artworks, write about their creative processes and understanding of visual art, and articulate information about their artwork during an interview with a VASE juror, who evaluates their work using a standards-based rubric. Art jurors look for originality, technical expertise, understanding of visual art and interpretation of the student's stated intent.

Only the top 10% of each division's artworks at the Regional level are selected to advance to

the High School VASE State Event. At the State Event, artwork will be adjudicated with higher standards; students who receive a top State Event rating earn All-State Artist designation. Of these top-rated artworks, a percentage will be selected for the prestigious Gold Seal Award, making up the Gold Seal Exhibit, which travels the state for several months.
