Capital needs concern PISD leaders

By N. BRADFORD

Reporter News Staff

The 88th state legislature is well under way and local school districts are among those hoping for solutions for public education.

A 2019 overhaul of the state's education funding system raised public education spending, but ballooning inflation and the pandemic's effects on inflation, enrollment and have left their mark on Texas public schools.

Pearland ISD has listed approximately \$5.7 million in priority projects on its capital renewal plan. Without receiving sufficient state funding, Superintendent Larry Berger told the Board of Trustees during a Feb. 7 discussion, the district is looking at a voter-approved bond to finance its most pressing needs.

"We just had a tax ratification election and I hate going to the public and saying, 'We need more money,'" Trustee Kristopher Schoeffler said, referring to the November 2021 election. "But if we don't get things fixed within this leg-

islative session, that's going to be the only way we can keep the school district functioning."

Reading through the district's capital report was a frightening process, Schoeffler told fellow board members on Feb. 7.

"I feel like it's just a massive game of kick the can," he said. "We keep postponing things when we don't have the money to do them."

Of the district's 207 buses, 123 are beyond their 15-year service life, he pointed out.

"We're not able to space things out," he said. "I would never in my home or in my business want to take on replacing a roof, replacing all my air conditioners, fixing my driveway and levelling my foundation all in one year. But it seems like that's kind of what we're going to be faced with."

When the district has surplus, it is moved into capital projects funds, Berger said, "but ultimately we're going to reach a point where we have to come to you and the community and sit down and talk about a maintenance bond."

Five earn Eagle rank in Troop 404

By N. BRADFORD

Reporter News Staff

Pearland Boy Scout Troop 404 held its court of honor this month for five scouts attaining the rank of Eagle, the highest achievement attainable in the BSA program.

Approximately four percent of scout achieve the Eagle Scout rank, which requires at least 21 merit badges, service and leadership in their communities.

New Eagle Scouts and their service projects include:

Nathan Navarijo, 18, coordinated with Texas Historical Cemetery Guardianship Association in Angleton in clearing the overgrown Payne Cemetery in Rosharon, Texas. Nathan and his fellow scouts were able to reveal markers and gravesites previously obscured by nature. A senior at St. Pius High in Houston, Nathan is the son of Joseph and Alice Navarijo.

A recent graduate of Dawson High in 2022, Eagle Scout Sebastian G. Garcia coordinated the landscape cleanup in outdoor lunch area at Pearland Junior High. This included removal of

old shrubs and the addition of donated mulch. Sebastian is currently attending Alvin Community College with plans to attend the University of Houston in Fall 2023.

Also a 2022 graduate of Dawson High, Rene E. Garcia planned and undertook a cleanup of landscaping around the flag poles at Pearland Junior High as his Eagle project, which included shrub removal and mulching. He is also attending ACC with plans to transfer to the University of Houston in 2023. He is the son of Lissette and Eduardo Garcia.

Eagle Scout Eric Metz for his project installed two high top park tables and trash container for a community in La Porte. A graduate of Thurgood Marshall High School, he is the son of Eugene and Alison Metz.

Eagle Scout Jared Schwartz, 18, planned the cleanup for the Greenhill Cemetery home of the Orozimbo Plantation, along with the Texas Historical Cemetery Guardianship Association in Angleton. A student at Dawson High, he is the son of Nancy and Kenneth Schwartz.

Outside firm hired to look at budget error

By N. BRADFORD

Reporter News Staff

An independent firm has been hired to look into the City of Pearland's budgeting process, particularly into the causes of a \$10 million budget shortfall uncovered in November.

"We wanted to get this done sooner," Mayor Kevin Cole said shortly before the council approved the contract Feb. 13. "The hard part was finding independents, finding a group that hadn't worked for the city, hadn't worked for Harris County, hadn't worked for Brazoria County or any of the other entities (involved)."

COLE

The error overstating property values within the city has been attributed to incorrect tax calculations included in a Harris County Appraisal District worksheet that was sent to Brazoria County. Pearland city staff used that worksheet to create the city's budget and tax rate, creating a revenue shortfall.

The city's already-adopted general fund was overbudget by \$4.7 million and debt service fund by \$5.6 million. City council and staff have since adopted budget amendments to help shore up the differences that include dipping into reserves, reallocating federal funds and reducing payments into its vehicle fleet fund.

"We know what happened; we need somebody independent to verify that," Cole said. "Not just us saying it. More importantly after that is getting fresh eyes to say how we make sure this doesn't happen again."

Council voted unanimously Feb. 13 to award the \$36,750 contract to Keller, Texas-based Strategic Government Resources, a company that specializes in management, training and recruitment for government entities. The firm will auditor the city's overall tax calculation process and make best practice recommendations.

"I'm happy to finally get this project moving," Councilman Tony Carbone said. "It's a good team with relevant experience."

The contract is below \$50,000, meaning city policy did not require it to be an agenda item approved by council.

"We wanted to make sure we're keeping with transparency with this from the moment we found it out," Cole said.

Local theater serves up 'Potato Gumbo'

The Pearland Theatre Guild will present the comedy titled "Potato Gumbo" in March.

Written by Jean Ciampi, the play is described as a zany look at the potentially brutal challenges of aging.

Staged at the Pearl Theater, 14803 Park Alameda Drive, the show opens on Friday, March 10, and continues on weekends until March 26.

A 7:30 p.m. March 16 show will be a buy one, get one free ticket night. Regular showtimes are 8 p.m. Fridays and Saturdays and 3 p.m. on Sundays.

A talkback session with the director and cast will immediately follow the March 19 performance.

The box office opens an hour before show time for ticket purchases and pickup. Tickets are \$18 for adults, \$16 students and seniors. Seats are reserved.

Looking forward, the youth musical, "Beauty and the Beast Jr." is being planned for April 14-23; "Driving Miss Daisy" is scheduled for May 12-28; and "Almost, Maine" is June 16-July 2.

JESUS WENT UP THE MOUNTAIN

"1 Jesus took with him Peter and James and his brother John and led them up a high mountain, by themselves. 2 And he was transfigured before them, and his face shone like the sun, and his clothes became dazzling white. 3 Suddenly there appeared to them Moses and Elijah, talking with him. 4 Then Peter said to Jesus, "Lord, it is good for us to be here; let us make three dwellings here, one for you, one for Moses, and one for Elijah." 5 While he was still speaking, suddenly a bright cloud overshadowed them, and from the cloud a voice said, "This is my Son, the Beloved; with him I am well pleased; listen to him!" 6 When the disciples heard this, they fell to the ground and were overcome by fear. 7 But Jesus came and touched them, saying, "Get up and do not be afraid."

- Matthew 17:1-7

The Bible doesn't tell us how many mountains Jesus climbed. We know he went there to get away from the crowds and to gather his thoughts and it was on the peaks that Jesus took time to teach his disciples many things... and there were three specific high places Jesus went that are worth remembering... as in each event we learn something about Jesus and a little bit about ourselves...

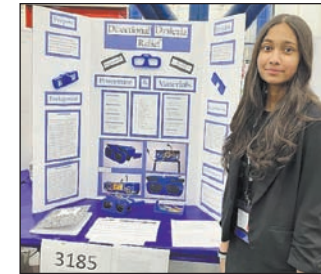

In the first chapter of the Gospel of Mark... right after Jesus is baptized in the Jordan River we read that Jesus was sent into the wilderness by the Spirit of God to be tempted by Satan (*the Greek word is 'di-a-bo-LA' as in the 'devil'*). The gospel writers Matthew and Luke elaborate on that short story and say that Jesus went up to a high place... a mountain... and it is there the power of evil seeks him out and tries to play tricks with Jesus as he and Satan are old acquaintances... and from what we are told... it was a battle of spirits... with Jesus being offered everything from a loaf of bread from a rock to bowing down to Satan in order to be given all the kingdoms of the world... but apparently Satan didn't get the point Jesus' kingdom was of the heart and had no geographical boundary. The angels came to minister to him... a sign he was loved by God.

Did you ever stop to think about UP?

The Super Bowl has come and gone, and everyone was anxious to see the commercials which are shown at a premium price.

I think my favorite was the Doritos commercial with the characters from Breaking Bad. However, I thought the halftime show was one of the worst they have ever had. Back to the commercials.

Going way back to 2006 — the biggie was the guy that would walk in a bar and say, “Whazz Uppppp?” Before long, everyone was trying to copy him. It involved a certain technique. To do it right, you had to stick your tongue out when saying “Uppppp?”

Which leads me to ask you to consider the following:

There is a two-letter word that perhaps has more meaning than any other two-letter word, and that is “UP.”

It’s easy to understand UP, meaning toward the sky or at the top of the list, but when we wake in the morning, why do we wake UP?

At a meeting, why does a topic come UP? Why do we speak UP and why are the officers UP for election and why is it UP to the secretary to write UP a report?

We call UP our friends, we use it to brighten UP a room, polish UP the silver, we warm UP the leftovers and clean UP the kitchen. We lock UP the house and some guys fix UP the old car.

At other times the little word has real special meaning. People stir UP trouble, line UP for tickets, work UP an appetite, and think UP excuses.

To be dressed is one thing, but to be dressed UP is special.

And this is confusing: A drain must be opened UP because it is stopped UP. We open UP a store in the morning, but we close it UP at night. We seem to be pretty mixed UP about UP.

To be knowledgeable of the proper uses of UP, look UP the word in the dictionary. In a desk size dictionary, UP takes UP almost one-fourth the page and definitions add UP to about thirty.

When we were in school, we were taught to hold UP our hand if we wanted to speak. One of my chores as a youngster was pulling UP weeds. I was also urged to not stay UP too late. The sun would come UP in the morning and the moon came UP at night.

We also work our way UP in the business world. We seal UP the package, a lost item turns UP, or we bring a matter UP in a conversation. We put UP the groceries, put UP the boat for winter, or give UP when we are tired. You tear UP paper, blow UP a bridge, stir UP a fire, or button UP your coat. We catch UP or keep UP with the news. We pull UP at the curb or drive UP to the store. We stand UP or stay UP.

The team was UP for the game. Time is UP, the prices are UP, or we just need to find out what is UP. A politician is UP for re-election, or a criminal is UP for trial. What are they UP too? Or it is UP to me?

If you are UP to it, you might try building UP a list of the many ways UP is used. It will take UP a lot of your time, but if you don’t give UP, you may wind UP with a hundred or more.

When it threatens to rain, we say it is clouding UP. When the sun comes out, we say it is clearing UP. When it rains, it wets UP the earth. When it doesn’t rain for a while, things dry UP.

Old friend Robert said, “One could go on and on, but time to wrap it UP, for now — time is UP, and it is time to shut UP.”

Pearland gets playoff wins over Clear Springs and North Shore

By DR. DAVID DAVIS
 Reporter News Staff

The Class 6A Region III girls playoffs got underway, and the Pearland Lady Oilers are primed to make another deep run like they did a year ago.

Pearland advanced to the 6A Region III finals last year only to come up short against Summer Creek.

Head coach Jere’ Adams has had her girls focused on winning the Region III title this year in order to advance to the state basketball tournament.

The Lady O’s cleared their first hurdle with a dominate 59-24 win over the Clear Springs Lady Chargers as the outcome was never in doubt.

Pearland outscore Clear Springs 19-10 in the opening quarter and continued to build on that momentum with a 19-11 second period for a 38-21 halftime lead.

The Lady Oiler defense stepped up big time in the second half as they took the third quarter 13-0 and closed out the game in the fourth frame 8-3 for the 59-24 lopsided win.

Pearland allowed a single 3-pointer in the second half and that came in the final period.

Nyah Hardy led the Lady Oilers on offense with 22 points while RyLee Grays tossed in 17 points, 10 rebounds, four assists, and two steals.

Paige Bonner scored eight points while getting three boards, three assists, and eight steals.

EASY BASKET - Pearland senior RyLee Grays scores two of her 14 points against North Shore as the Lady Oiler won their second-round playoff game 56-31 to advance to the third round to face District 24-6A champion Clear Brook.

Shadow Creek senior Kameryn Phillips led the Lady Sharks to a 40-31 playoff win over the Deer Park Lady Deer in a Class 6A Region III second-round matchup.

Phillips scored 14 points and 10 rebounds to lead all scorers while getting help from Nyla Price who tossed in nine points.

Shadow Creek jumped out to a 12-6 first quarter lead and never looked back as Phillips scored nine points to pace the Lady Sharks.

The second quarter saw the Lady Sharks outscore the Lady Deer 12-9 for a 24-15 halftime advantage.

Deer Parks took the third

quarter 9-8 to close the gap 33-24.

The Lady Sharks edged the Lady Deer in the final period 8-7 to post the 40-31 final score.

Shadow Creek hit 12-of-25 free throws while Deer Park was 8-of-12 from the charity stripe.

Shadow Creek 49 - Clear Creek 40

The Shadow Creek Lady Sharks opened up the Class 6A Region III playoffs with an opening round win over the Clear Creek Lady Wildcats 49-40.

The Lady Sharks outscored the Lady Wildcats 13-10 in the opening period and doubled the Clear Creek output 12-6 in the second quarter for a 25-16 lead at

intermission.

The third quarter belonged to Shadow Creek 12-8 for a 37-24 advantage entering the final quarter.

Clear Creek attempted a comeback with a 16-12 final period, but it wasn't enough as the Lady Sharks held on for the 49-40 playoff win.

Kameryn Phillips led the Shadow Creek offense with a game-high 18 points, nine rebounds, four assists, and five steals.

Payton Holmes tossed in 10 points.

SCORING DRIVE

Pearland senior forward Yousef Elnokali breaks past a Hastings defender on his way to a scoring strike. Elnokali added another score later and the Oilers came away with a 3-0 victory over the Bears. The win puts the Oilers firmly in the third playoff spot in district with just a few games left in the regular season. The next big match-up is the "Pearland Derby" with both the boys and girls varsity facing off with the Dawson Eagles on Tuesday, Feb. 28 at Dawson HS starting at 5:30 p.m. Photo by Lloyd Hendricks

BATTLE FOR THE BALL

Pearland junior defender Mikaleigh Haddock (6) battles for position with Shadow Creek senior forward Alexandria Warner. The tense matchup would end with a 2-2 draw and both teams still tied for first place in district going into the stretch run of the regular season. Next home game for both teams is Saturday, February 25 with Pearland taking on Alvin and Shadow Creek facing Alief Elsik. Pearland 56 - North Shore 31

Pearland made an opening statement as to who was going to win this second-round playoff contest with a 7-0 lead in the opening minutes of the first quarter against the North Shore Lady Mustangs (28-9).

"It was definitely a good start," Pearland head coach Jere Adams said. "La'Niah (Thornton) shot the ball really well early on, and any time she does that the game becomes easier for everyone else because the opponent is laser-focused on her."

Thornton opened up the game with a 3-pointer just 20 seconds into the contest.

Senior Post RyLee Grays then scored inside, and junior guard Nyah Hardy scored on a layup for a 7-0 cushion by the 4:43 mark.

After North Shore finally found the range with a basket, Pearland went on an 8-0 run thanks to 3-pointers from Thornton and Hardy while Hardy closed out the run with a layup for a 15-2 lead.

The first quarter came to an end with Pearland leading 15-4.

Pearland continued to lead in the game with a much closer second quarter as the Lady O's closed out the frame 10-9 for a 25-13 lead at intermission.

The game remained fairly close as Pearland took the third quarter 11-10 for a 36-23 lead entering the final period.

That's when the Pearland offense scored their most points of any quarter as the Lady Oilers ran away 20-8 to post the final score 56-31.

Hardy led Pearland with 17 points, Grays scored 14, and Thornton scored all 11 of her points in the decisive first half. "It was a very physical game, and we knew that it would be coming in here," Adams said. "North Shore is a scrappy team, they're coached well and they play hard."

North Shore tried a full-court press on defense, but Pearland fought through that effort.

"We expected that coming out of halftime," Adams said. "At times we played with poise, at times we did silly things with the ball."

"At the end of the day, they're kids, and it's not always going to be perfect. I'm proud of the battle they fought through."

Pearland (32-3) will now face District 24-6A champion Clear Brook (26-8) late Tuesday.

Alvin Community College Softball/Baseball kick off Spring season

The Alvin Community College Softball and Baseball are taking the field with a new look for the 2023 Spring season.

The teams are sporting a new logo design and playing on improved facilities.

"All of these things are very helpful while recruiting top athletes to our college along with giving us a more competitive edge," Softball coach Jeri Torres-Farmer said.

The teams started play in January. The Baseball team is working to build on its success from last season while the Softball team is coming together with a roster of mostly new faces.

In 2022 the team posted a 32-23 record overall and a 24-11 record in the NJCAA Region 14 conference and advanced to the Region 14 final.

The team has 11 returning players from the 2022 team including Region 14 South Player of the Year Martin Vasquez.

The Softball team is coming off a 19-31 record from their 2022 season with an 8-16 record in the Region 14 conference.

Only three players are returning from that team, Torres-Farmer said.

As the new players come together on the field, they will hopefully develop as well-rounded team, Torres-Farmer said.
